Managing Directors Message

Progress for us has never been a dream. It has always been a distant reality and once one milestone is achieved, there is always another one waiting to be crossed. It is with this belief that we started R K D Works in 2017, a company that was in the business in MEP construction filed. Almost instantly, R K D Works became a prominent name in its business segment, but like every entrepreneur sticks to their dream, we always wanted to push our company to more prosperous milestones. More than being a global player, we always perceived our company as a unit that could make a difference with its quality and competitively priced products. Taking a path less traveled, we expanded to Group Company, a highly sensitive business that requires a high amount of technical know-how, expertise and specialized knowledge.

Overcoming challenge after challenge with the support of our brilliant team, we have been successful in bringing R K D Works to a new milestone of global recognition.

The journey of R K D Works is never ending. But with the support of our team and clients, we confident that the company will continue to scale milestones of excellence for years to come.

About us

At R K D works LLC, we make our works flow in your projects smoothly and timely with the best quality. We are equipped with outstanding technical & organizational efficiencies that enable us fulfill the essential mechanical & infrastructure engineering requirements of our business partners.

We as RKD works Established in the year 2017 along with a Techno – commercial group of people having expertise in MEP. We as RKD works provides a complete solution including Design, supply, installation, testing, and commissioning of complete MEP systems that includes HVAC, Plumbing, Firefighting, Electrical, Fire Alarm and Low Current in line with the requirement of the local authorities of the united Arab emirates for commercial, residential, Hospital, Shopping mall buildings, Fit out works as well in Industrial Sector having manpower strength of 200 nos. including expert staff.

We have qualified with hands-on experience in the local construction industry, MEP. We emphasize our commitment to complete the project within the target dates, in full compliance with the contract requirements. We are also committed to the safety and environmental regulations of the UAE, and to implement such policies in our projects.

With a stringent quality policy and consistent drive to provide an excellent service to all our clients, RKD works is ready to take up more challenges and consolidate its position as one of the major MEP service contractors in the region.

WWW.RKDWORKS.COM

Vision & Mission

Vision

In 2020, RKD Works will expand to other Emirates in UAE.

Mission

We strive every day to attain the highest level of quality that goes beyond our business partners expectations to make every project we join exceptional in any market we serve. Our main focus is to smarten your project by our high quality electrical & plumbing works.

We promise that we will grow and grow.

We believe that we can achieve our mission through :

- Our Enthusiastic employees : by supporting, motivating, training, developing and rewarding them fairly.
- Our Technology : by using a variety of the best and most recent tools and materials.
- Our Project Planning : with our meticulous approach to project planning, we ensure that all projects are completed on time...every time!

CAREER OVERVIEW

Obtaining a managerial position in a reputable organization, using my prominent education, 16 years of professional experience in project management, tendering and procurement, a well-developed sense of accuracy & leadership, and utilizing my strong interpersonal skills of communication, negotiation, and presentation in both English and Arabic.

Position: OPERATION MANAGER

SKILLS: -

COMPUTER SKILLS:

- MICROSOFT WINDOWS AND INTERNET APPLICATIONS.
- MICROSOFT OFFICE (WORD, EXCEL, POWER POINT AND OUTLOOK).
- AUTOCAD.

WORK EXPERIENCE: - Total 16 Years

- 1) Company Name: - RKD Electromechanical Works LLC. / UAE-Dubai.
 - From: - November-2017 to till continue.
 - Position: - Operation Manager
- 2) Company Name: - M/s Al Bonian International. / UAE-Dubai.
 - From: - November-2011 to 2017.
 - Position: - Senior Mechanical Project Engineer.
- 3) Company Name: - M/s United Masters Electromechanical, L.L.C / UAE – Dubai.
 - From: - June 2006 up to August-2011:
 - Position: - Mechanical Engineer.
- 4) Company Name: - Egypt maintenance Company (Electromechanical Company) / Egypt.
 - From: - July 2005 to May 2006:
 - Position: - Mechanical Engineer.

TPYE OF WORK: -

- ✚ Senior Estimation, Procurement & Execution Engineer (Mechanical) of different MEP Construction, High Rise, and Mega Infrastructure projects (Air conditioning system, Plumbing system, Firefighting system, Infrastructure networks).

PROJECT COMPLETED IN ABU DHABI: -

- ✚ CONSTRUCTION, COMPLETION AND MAITENENCE OF 204 VILLAS IN SWEIHAN IN AL AIN, ABU DHABI VILLAS (204 NOS) 02 RETAIL AREAS, 01 COMMUNITY CENTER, 01 JAMEE MOSQUE, 01 IMAM & MUATHEN RESIDENCE, 01 LOCAL MOSQUE, 01 IMAM RESIDENCE.
Client: M/s ADHA (Abu Dhabi Housing Authority) Project Manager: Abu Dhabi General Services Company (Musanada) Consultant: M/s Dorsch Gruppe DC Abu Dhabi MEP Consultant: Al Suwaidi Engineering Consultant Bureau LLC Main Contractor: M/s Aljaber Building LLC MEP Contractor: M/s Albonian International Electromechanical L.L.C Location: Sweihan-Alain Post: Sr. Mechanical Project Engineer.
- ✚ RUWAIS HOUSING COMPLEX-PHASE-4 / VILLA PACKAGE-3 PROJECT No.: 7010 - AGREEMENT No.: 147010C11 VILLAS (158 NOS) Total MEP Works: AED 75,545,000.00.
Client: M/s ADNOC (ABU DHABI NATIONAL OIL COMPANY) Project Manager: Hill International Consultant: M/s Dar al-handasah MEP Consultant: Altorath Consulting Engineers Main Contractor: M/s Dhabi Contracting MEP Contractor: M/s Albonian International Electromechanical L.L.C Location: Ruwais-Abu Dhabi Post: Sr. Mechanical Project Engineer.
- ✚ Ruwais Housing Complex Expansion Phase III Married Staff Accommodation (G+11 FLOORS), Facilities and Related Infrastructure-Package 11.
Client: M/s Abu Dhabi National Oil Company (ADNOC) Consultant: M/s Hill International Consultants Main Contractor: M/s System Construct LLC. MEP Contractor: M/s Emiratis Al bonian International. Location: Abu Dhabi / UAE / Ruwais. Post: Mechanical Project Engineer (HVAC, Plumbing, Firefighting & infrastructure networks).

PROJECT COMPLETED IN DUBAI: -

- ✚ Four Season-Bright Start Hotel-DIFC (5B+Hypo+P+8 FLOORS+M):
 - Client: M/s Deyaar Development.
 - Project Manager: M/s Skelmore Trident.
 - Consultant: M/s Arex Consulting Engineers.
 - MEP Consultant: Hydro Engineering Consultant.
 - Main Contractor: Engineering Contracting Co. L.L.C.
 - MEP Contractor: M/s Dubai Masters Electromechanical L.L.C.
 - Location: Dubai/ UAE /Business Bay
 - Post: Mechanical Project Engineer (HVAC).

- ✚ Labor Accommodation (18nos. typical blocks+ mosque, amenities bldgs.)
 - Client: Jiwin Investments (Sama Dubai)
 - Consultant: M/s LACASA architects engineering consultant
 - Main Contractor: Engineering Contracting Co. L.L.C
 - MEP Contractor: M/s Dubai Masters Electromechanical L.L.C
 - Post: Mechanical Site Engineer (HVAC, Plumbing, drainage, Fire fighting & Infrastructure networks).

EDUCATION: -

- Graduation College : Shobra Faculty of engineering, Benha branch Zagazig University, May 2005.
- Graduation Project Title : Air conditioning and duct design.
- Graduation Project grade : Excellent.
- General grade : Acceptable.

DECLARATION: -

- ✚ I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.

CAREER OVERVIEW

14 Years' experience as project Management professional. Seeking a Managerial Assignment, In the Area of Planning, Execution & Cost Controlling in Project Management Division Of large sized projects. To leverage my enriched 14Years of experience in field of Construction with a renowned organization in UAE

Position: CONTRACT & COMMERCIAL MANAGER

EXECUTIVE SUMMARY OF SKILLS: -

- A Msc Project Management Degree pursuer from (British University in Dubai in Collaboration with Manchester, UK) with Engineering Graduation background and a strong professional background proven success in planning/execution and cost controlling with core competencies in areas of (project plans using software oracle primavera p6, project scheduling, resource assignments ,cost controlling, risk management, work productivity analysis / KPI'S reporting, monthly progress dashboard /presentation, EOT Claim / Contract Management, Cost Reports, Earned Value Analysis, Change Control / Variation Orders, Monthly Progress Invoicing, Contractors Payment Certificates).
- Established professional credibility for 14 years employer with M/s Albonian International, Dubai, UAE in large construction projects with reputed, client's M/s ADNOC, M/s ADCP, M/s Majid Al Futtaim, MACE int.

AREA OF EXPERTISE: -

PROJECT (EXECUTION / COST) PLANNING.

- Enriched experienced in Preparing Project Plan & Scheduling. Preparation of project program right from the tendering stage to the handing over phase of project using project management tools like with Oracle Primavera (P6) Ver. 16.2, Primavera Contracts Manager, M.S. Office & M.S. Project.
- Competencies in Cost Planning through assignment of cost for entire project duration for all the activities, using software (Primavera, MS office/ MS Project). Forecasting the project budgets and reporting through Earned Value Analysis (EVA Techniques)
- Competent in the Resource Management by deployment of resources (Manpower, Material and Equipment's Etc.) For Entire project activities to ensure execution within defined time/cost parameters.
- Preparation and monitoring of reports on Work Productivity Analysis / Dashboards at micro level to ensure timely completion of project elements for management review.
- Perform project Risk Assessment on delays and disputes and determine possible range of completion within specified scope time, scope and cost parameters.
- Timely conduct of Delay Analysis / KPI,s of project to provide, project team with the required look ahead schedule and progress updates on critical work activities.
- Develop and maintain project Change Control and review scope change requests for impact on schedules, project critical path including cost for preparation of variation orders.
- Preparation of Extension of time schedule using "Design - As built" technique, "Impacted base line" Technique & "Window Analysis" to evaluate all the delay for facilitation to submit the Time & Cost Impact for projects in delay scenarios.
- Facilitate in Drafting of Contract Agreements in congesion with FIDIC clauses to avoid future disputes.
- Regular conducting of Progress Meeting to effectively coordinate with client, consultant, and subcontractor and project team to identify the site obstruction and preparation of Meeting Minutes and Action Plans to ensure commitments.
- Preparation of Project Correspondence to main contractor / Client to highlight all , delay, cost and scope of work related issues effecting the timely completion of project with proper substantiations (photos, matrices etc.) and assist in formulation of extension of time claims.

PROJECT COST / CONTROLLING

- Cost Reporting & Cash flow Budget Plans for all different resources in the project to evaluate an effective cash flow in line with project baseline schedule.
- Preparation of accurate Monthly Work Progress Invoices to obtain payment certificate from main contractor / clients.
- Provide project guidance for creation Cost / Earned Value Management report, identifying variances from the plan on commitment and value of work done.
- Preparation and certification of all Sub-Contractor Payment Certificate as per the work executed on site to facilitate the accounts department.
- Estimation and preparation of Variation Orders, to identifying any variances in design change or additional scope of work as per contract BOQ.
- Reviewing BOQ and supplier quotations for the preparation of reports to award contracts of work order / LPO, s for major materials.

✚ ORGANISATIONAL DETAILS

1) Company Name: RKD Electromechanical Works LLC. / UAE – Dubai.

- From: - November-2017 to till continue.
- Position: - Contract & Commercial Manager.

2) Company Name: - COMPANY: M/s ALBONIAN INTL. / UAE – Dubai.

- From: - June 2006 up to August-2017:
- Position: - Acting Planning Manager.

❖ CURRENT PROJECT: DEIRA CITY CENTRE- Chiller Plant, HVAC & Smoke Extract Upgrad. CLIENT: M/s Majid Al Futtaim.

DURATION	-	(2014 – 2016)
VALUE	-	(218, 000,000) AED

- Installation of New Chilled Water Piping Network with Replacement & Change Over of New Equipment's (Air Cooled Chiller / Cooling Tower / Secondary & Primary Pumps).
- Up gradation of HVAC /Smoke Extract System With (Air Handling Units & Fans).
- Up gradation of Fire Alarm /PAVA/Voice Evacuation/Emergency Lighting System

Project Responsibilities: Reporting to the Project Manager for the following accountabilities:

- Preparation of clause 14 Project Base line Schedule Plan with Primavera (P6) Project Planner and preparing schedules of works in line with civil contract program.
- Preparation of Resources/Cost Histograms and related S curves (Cost, Duration & labor)
- Preparation, review of Sub-contractor's baseline schedules with main baseline schedule.
- Monthly/Weekly Look Ahead target programs for Client/Internal use.
- Updating of project schedule Weekly / daily basis for reporting purpose.
- Preparation of Acceleration programs / Recovery programs to mitigate the delay effect.
- Project Progress Reports Daily/ Weekly/ Monthly basis for submission to Client/Cont.
- Preparation of Micro programs with detail activities and completion dates, reports for progress meetings with Client/ Contractors.
- Monthly / Weekly presentation to client/ contractor to advice on project status.
- Preparing procurement schedules to match material delivery as per project program.
- Tracking and organizing all shop drawings, and material approvals delivery.
- Work Productivity reports for Planned Vs Actual works completion status.
- Analyze the project status and submit the reports on MIS & KPIs to the management.

- Preparing of cumulating weekly and monthly Progress report via EVA techniques.
- Preparation of monthly progress billing as per QS requirement of client for payment.
- Attending discussion with consultants / QS to obtain approval on progress bill.
- Certification of sub-contractor monthly invoices as per of work completed on site.
- Preparation of monthly forecasted cash in reports facilitates the project expenses.
- Extension of Time Claims with evaluation of time and cost in line with all project correspondences supporting the case.
- Preparation of Variation orders/Change Request/Contract trend notification for any design or contractual changes.
- Maintaining records Payment Certificates, Variation Order and updating the Cash Flow.
- Attending progress meetings and preparation minutes of meeting with project manager.
- Addressing all official correspondence with Project Manager regarding work progress and site issues drafting of letters to Client / Contractors.

❖ OTHER COMPLETED PROJECTS: STAFF ACCOMODATION FOR M/S ADNOC (G+11 8 Building) ABU DHABI NATIONAL OIL COMPANY) Ruwais, Abu Dhabi UAE.

DURATION	-	(2012 – 2014)
VALUE	-	(190, 000,000) AED

- (G + 11+ Roof) 8 Nos. Residential Buildings
- Substations 4 Nos. for (Electrical / Fire Pump Rooms)
- Utility Building 1 Nos. (Cooling Tower / Chiller, Mechanical Pump Rooms)
- Infrastructure Works for external service (Electrical / Mechanical & Fire Fighting).

❖ RESIDENTIAL TOWER (4B+G+M1+M2 +21+ ROOF) FOR M/s ADCB (Abu Dhabi Commercial Bank) In ADNEC (Abu Dhabi National Exhibition Center) Abu Dhabi.

DURATION	-	(2010 – 2012)
VALUE	-	(90, 000,000) AED

- 22 Nos. Floors Residential Apartments
- 18 Nos. Penthouses
- 12 Nos. Retail Shops
- 1 Nos. ADCB Bank
- 1Nos. Mechanical Floor (District Cooling Heat Exchanger System)

❖ ROLEX TOWER (B+G+M+62+ROOF) & (4B + 12 + ROOF) CAR PARK BUILDING FOR M/s SIDDIQUI & SONS. Sheik Zayed Road 1st Interchange Dubai.

DURATION	-	(2007 – 2010)
VALUE	-	(106, 000,000) AED

- 30 Nos. Floors Offices
- 30 Nos. Residential Apartments
- 2 Nos. Penthouses
- 1 Nos. Gymnasium
- 3 Nos. Mechanical Floors (District Cooling Heat Exchanger System).

❖ SUNSET MALL & RESIDENTIAL APPARTMENTS (Jumierah. Dubai, UAE).

DURATION	-	(2006 – 2007)
VALUE	-	(85, 000,000) AED

- Ground Floor Shopping Mall (112,000m2) Built Up Area
- Residential Apartments (G+2 Floors).

EDUCATION: -

- MSc PROJECT MANAGMENT : The British University, Dubai. (BUID) UAE. Affiliated with University of nchester, UK. All Module Completed. (Pursuing Dissertation).
- BSc ENGINEERING - MECHANICAL : Osmania University, India.

SKILLS: -

- Master Diploma in Planning & Scheduling with PRIMAVERA
- Well Versed in ORACLE Primavera P6 Ver. 16.2
- Well Versed in Preparation of Tender Documents
- Diploma in Contract Administration (Dubai, UAE)
- Familiar with FIDIC
- Attended Seminars for Delay Analysis
- Attended Seminars in claims for EOT Cost & Disruption cost.

IT SKILLS: -

- AUTO CADD
- MS OFFICE: Word, Excel , Power Point,
- ORACLE Primavera P6 Ver. 16.2
- MS PROJECT

CAREER OVERVIEW

To continue Coordinating Manager career with a health care organization that will utilize management, administrative, and organization skills to benefit mutual growth and success to take care of individuals who need services. Management experience for Department of Disabilities and Special Needs (DDSN) has helped me become: Extremely organized Efficient Motivated to meet deadlines Confidential Independent Manage staff with very different needs and different ages multi-task in a fast-paced environment Professional respect Team Player.

Position: MANAGING PARTNER

SKILLS: -

- Excellent communication skills both written and verbal (English).
- Expert in MS word, excel, power point, and outlook.
- Efficient in job task planning and organizing.
- Expert in adobe photoshop.
- Knowledge of it related work. (Software, hardware & networking).
- Critical thinker and proficient in finding information.

WORK EXPERIENCE: -

✚ **Company Name: - Raj Kumar Dinda Technical Works LLC. / UAE-Dubai.**

From: - April 2019 to till continue.

Position: - Managing Partner

- Assisted with the overall operations of PCBDSN and assisting the team of house managers with quality assurance.
- Supervised eight managers, on-call 24/7 and oversaw eighty-five residential consumers.
- Entailed twenty tabs assessments, care plans, psychotropic medication plans, human rights plans, nursing, medication administration, level of care goals, support plans in compliance with Alliant, DHEC, OSHA, and state Fire Marshal.
- Complied and know the Department of Disabilities policies and procedures for the entire residential department and to enforce those policies.
- Responsible for 100+ staff and their accounts with our agency as Med.
- Assisted the individual with educational and occupational goals.
- Responsible for the initial Housing Trust Fund Application and Community Facilities Grant, which estimates a total budget of 4.5 million dollars.

EDUCATION: -

- Bachelor's degree of Cooperative Studies,(2017).

DECLARATION: -

✚ I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.

PROFESSIONAL OBJECTIVE

To secure a position in the specialization as an **Electrical Estimation Engineer** wherein my diversified skills and in-depth knowledge can be applied and be of significant help in the growth of the company, thus rendering both employer and employee mutual benefit and gratification.

QUALIFICATION HIGHLIGHTS

- ◆ 13 years of gulf experience as an Electrical Estimation Engineer.
- ◆ Registered Electrical Engineer, Reg. No. 0037395.
- ◆ Knowledge in CCS Candy software and MS Offices such as Excel, Word, etc.
- ◆ Proven ability to work in a team and lead in organizing the team's job assignments.
- ◆ Ability to work in site and carry out different responsibilities.
- ◆ Can work under minimum supervision and can manage to push the task on track.
- ◆ Fast learning abilities and good working attitudes.
- ◆ Adapt in dealing with people and handling situations that call for quick and sensible decisions.
- ◆ Ability to immediately adjust and adapt given various corporate cultural environments. At ease in high-stressed and pressured settings requiring superior ability to effectively handle multi-task levels of responsibility.

PROFESSIONAL EXPERIENCES

Tendering Engineer-Electrical (May 2019 – Till Date)

R K D ELECTROMECHANICAL WORKS LLC
MEP Contractor
Dubai, UAE

Tendering Engineer-Electrical (May 2015 – November 2019)

Albonian International
MEP Contractor
Dubai, UAE

Works Allocated:

- ✓ In-charged in preparing Scope of Works to get a brief view of the project and allocate the time required to complete the BOQ pricing.
- ✓ Checking all tender documents to make sure that everything is provided by the Client.
- ✓ Raising queries and clarifications to the Client/Main Contractor if necessary.
- ✓ Arranging a site visit when necessary to get the clearer view of the project and the scope of works.

- ✓ Allocating the works to the Quantity Surveyors responsible for material take-offs and sending quotation requests.
- ✓ In-charged in preparing the necessary documents for sending quotation requests for Electrical and ELV systems.
- ✓ Involvement in the material take-offs to make sure that everything is taken and considered.
- ✓ Following-up suppliers and pushing them to quote within the allocated submission date.
- ✓ Speaking to suppliers regarding their quotations both commercially and technically.
- ✓ Regular reporting to the Tendering Manager for whatever issues regarding the project.
- ✓ Pricing the BOQ and making sure that everything has been measured and considered.
- ✓ Preparing the Criteria where all inclusions and exclusions are listed.
- ✓ Preparing qualifications for value engineering if necessary.
- ✓ Sitting down with the Tender Manager for discussing the priced BOQ.

Electrical Estimation Engineer (September 2014 – April 2015)

**Zener Steward LLC
MEP Contractor
Dubai, UAE**

Works Allocated:

- ✓ In-charged in preparing the quotation requests for the complete Electrical and ELV systems.
- ✓ Supervision of allocating the works to the Engineers responsible for MTO's and sending enquiries.
- ✓ Involvement in the material take-offs to make sure that everything is taken and considered.
- ✓ Involvement in preparing/sending enquiries to the suppliers/subcontractors to make sure that all related documents are provided to them.
- ✓ Raise queries and clarifications to the Clients/Main Contractors if necessary.
- ✓ Speaking to suppliers regarding their quotations commercially and technically.
- ✓ Arranging a site visit when necessary to get the clearer view of the project and the scope of works.
- ✓ Regular reporting to the immediate superior for whatever issues regarding the project.
- ✓ Prepare some qualifications for value engineering.
- ✓ Pricing the BOQ and making sure that everything has been measured and considered.
- ✓ Preparing the Tender Price Summary to be discussed to the Manager.

Electrical Engineer/Estimator (June 2008 – August 2014)

**BK Gulf LLC
MEP Contractor
Dubai, UAE**

Works Allocated:

- ✓ Study technical drawings and specifications prior to material take off to ensure that it conform to standards and client's requirements.
- ✓ Prepare qualifications and exclusions for value engineering.
- ✓ Responsible in chasing suppliers to get the offers/proposals compliant to the specifications given.
- ✓ Prepare a list of queries (RFI's) for every tender when necessary.
- ✓ Perform Material Take Off and prepare Bill of Quantity to be compared to client's Bill of Quantity issued.
- ✓ Involvement in tendering projects like hospitals, airports, malls, etc.
- ✓ Attend projects and tender start-up meetings.

- ✓ Raising tender post clarifications, updating addendum and inquiries.
- ✓ Inputting value engineering, alternative proposals, alternative materials and components deemed necessary to deliver cost effective design solution to satisfy the cost plant and project requirements.
- ✓ Provide electrical estimating support by preparing estimates, doing quantity take-offs and raising quotations.

SITE PROJECT INVOLVEMENT:

Concourse IV – Dubai International Airport Project

Main Contractor – ALEC

MEP Contractor – BK Gulf LLC

Client – DAEP

Position: Electrical Engineer – Estimator

Works Allocated:

- ✓ Involved in the remeasures for the complete Electrical systems
- ✓ Raise a quotation from the suppliers/subcontractors to get the most reasonable price and yet compliant to the specifications
- ✓ Involve in the workshop done between BK Gulf and the Cost Consultant to come up with the agreed MTO quantity.
- ✓ Prepare a rate build up for the new items
- ✓ Sitewalk to check the mark up drawings received from the Supervisors/Construction Managers
- ✓ Monitor panels and other equipment delivered and installed at site by preparing a schedule
- ✓ Prepare markup drawings whenever not issued needed for the monthly billing
- ✓ Involved in some QS works such as preparing variations,etc.

Project Engineer III (August 2006 – February 2008)

T&D System Development Company

PTDS Development and Construction Corporation

Quezon City, Philippines

Works Allocated:

- ✓ Modeling of feeders and substations of the Cooperatives using SynerGEE Electric Software.
- ✓ Load-flow analysis and allocations.
- ✓ Computes electrical system losses including the technical and non-technical losses and administrative losses.
- ✓ On-site supervisions for the data gathering.
- ✓ Conducts system loss reduction program as way of rehabilitations of Cooperatives.

Project Coordinator (April 2006 – July 2006)

SORECO II Electric Cooperative

Sorsogon City, Philippines

Works Allocated:

- ✓ Gathers data of number of consumers along the distribution lines of the Cooperative.
- ✓ Sketch/drawing of primary and secondary lines including its assemblies, transformer ratings, service drop lines length and size, and meter data per consumer, its location and account number.
- ✓ Conducts field works and surveys together with the assigned surveyors.
- ✓ Preparation of the ERC-DSL Templates.
- ✓ Mapping of feeders using Arcview GIS software.

EDUCATION & SEMINARS/TRAININGS

Graduated 2005, Bachelor of Science in Electrical Engineering

Bicol University College of Engineering
Legazpi City, Philippines

Completed Training for Autocad Course (Release 2009 & 2D) – April 9, 2010

Computer Aided Design and Drafting Group
Sharjah, UAE

SEMINARS ATTENDED:

Strengthening the Electrical Practitioner for Global Competition

4th IIEE Regional Conference

University of Saint Anthony, Iriga City
September 25-27, 2003

Harnessing the Innovative and Creative Skills of the Electrical Practitioners

5th Bicol Regional Conference

Vicenta Hall of Fernando's Hotel, Sorsogon City
September 9-11, 2004

Employment Enhancement Training

Bicol University, Legazpi City
February 17, 2005

ORGANIZATION:

Institute of Integrated Electrical Engineers
Of the Philippines, Inc. (IIEE), *Member*
Legazpi City Chapter

PERSONAL DATA

Age:	39
Birth date:	11 th July, 1983

*A diligent, result-oriented & accomplished professional offering over 13 years of experience in **Project Management-Construction / Planning & Execution of Electrical/MEP Works / Operations & Maintenance Targeting Senior Level assignments***

Executive Profile

- Proficiency in project management, Strategy planning, Design and Engineering of HV/MV/LV/ELV Systems and special systems.
- Managing overall implementation of projects and MEP Services, encompassing **planning, monitoring, controlling** phases of project lifecycle, inter-discipline **coordination, administration and resource planning.**
- Expert in execution of **Electrical / MEP Works** - Installation, Testing, Commissioning & Handing over of **LV Panel / Low Voltage System / Emergency System / Electrical system / Fire Alarm & Emergency System/ Plumbing, Fire Fighting System, Plumbing & Electrical Works and HVAC** in Residential, Commercial, Industrial, Warehouse, Hotel and Pharmaceutical Project both with private as well as government sector clients.
- Proficient with **Dubai Water Electricity and Dubai Municipality norms** for execution of the projects and connection process; prepared and submitted the required documents NOC, Estimation, LV Shop Drawing Approvals and Final Documents
- In-depth understanding of Authority requirements, Engineering, Construction operation, mainly in **procurement operation**, proven abilities in coordination & leading variety of people and projects.
- Executed Projects for **Residential and High-rise Buildings, Commercial Buildings, Pharma and Clean Room, Infrastructure of Developer's Area, Fit Out and Educational Institutes**
- Successfully managed technical electrical design & drawings, material movement and supervised site operations; assuring integration of layout drawings & interfaced drawings for different electrical packages; ensured adherence to safety, environment, regulatory and energy conservation norms

Education & Credentials

- **BE (Electrical & Electronic Engineer)** from Sathyabama Institute of Science and Technology Chennai with First class in 2006.
- HSC from Babuji Memorial Hr. Sec. School, Tamilnadu in 2002.
- SSC from Sacred Heart High school, Tamilnadu in 2000.

Career Timeline

Organizational Experience

Since Oct'19 till Present with R K D Electromechanical Works LLC, Dubai as Senior Electrical Engineer

Dec'12-Sep'19 with Emirates Technical Associates, Dubai as Senior Electrical Engineer

Jul'09-Aug'12 with TREY Trading and contracting, Qatar as Electrical Project Engineer

Jun'06-Apr'09 with IDEAL Engineering Construction, Nagercoil as Electrical Site Engineer

Key Result Areas:

➤ **Preparing:**

- **Material submittal & method statement;** preparing; submitting Material Approval Submittals for all items to be used on the project for approval from Consultant; following up with consultants for drawings & material approvals; testing, commissioning & handing over of all documents required for the same to the Consultant for approval.
- Submitting **Running Account Bills** (monthly basis) as per contractual terms of payments during project execution period.
- Submitting **O&M manuals & handing-over document** for project Completion time.
- Preparing the documents such as **IR, MTR, RFI's** and submitting the documents as per DEWA standards
- Checking IFC drawings with the tender drawings; comparing discrepancies in drawings & BOQ and bringing to notice of Quantity Surveyor; taking off quantities from the drawings, checking quantities with BOQ and Submitting the variation for Extra item/variation statements in regular intervals during project execution period.
- Analysing quantity from QS and placing enquiries for materials and analysing best offer and offering the order after finalization.
- Monitoring engineering problems by gathering and analysing information; researching, adapting, and modifying engineering techniques and recommending solutions.
- A track of all cost variations and working closely with the QS and Client/Consultant for Engineering Instruction (EI).
- Records of all the verbal instruction issued by the consultant / client by generating 'Confirmation of Verbal instructions' and follow-up with consultant for converting the same into an E.I.; following up with the consultants for an E.I. before proceeding with the procurement of the material where variations are involved; raising queries to the consultants for non-clarity of work in the drawings.
- Attending weekly / fortnightly progress review meetings; adhering to all contract document procedures and maintaining record of the same.
- Ensuring that all letters are responded to in time and prompt letters are written for all contractual implication on project.
- Coordinating with design department for preparation of As-Built drawings; following up with draughtsman and ensure all As-Built drawings are submitted immediately upon completion of the works.

- Ordering all materials as per site requirement and ensure that the same is delivered to meet the program schedule through regular follow-ups with vendors; creating, maintaining & updating formats such as material tracking schedule, drawing status schedule, MAS schedule, RFI schedule, PI schedule & so on.
- **Monitoring:**
 - **Installation, commissioning, testing**, performance trials of equipment such as LV Panel, SMDB, PDB, LDB, Pumps, Wiring, Conducting and Electrical Meter Room other Electrical items as per Dewa Rule and Regulation, Fire Fighting (Diesel pump, jockey pump & Electrical pump), Water Supply pumps (Transfer pumps, Booster pumps), HVAC (AHU, FCU and Piping and Insulation) & so on.
 - Installation **checklist** for various **MEP** (Electrical items installed; verifying same with Consultant/Client).
 - Commissioning **checklist** for various Electrical items installed; verifying same with Consultant/Client.
 - **Quality** of work by conducting inspections on a regular basis and scrutinizing reports from Quality Team.
 - **Safety** while execution at site.
- Identifying suitable contractors for various **MEP installations** (e.g., Electrical/Low Voltage Contractor, Firefighting contractor, Plumbing Contractor and HVAC Contractor & so on); tracking and monitoring progress of MEP activities with respect to final drawings, design and construction schedule.
- Conducting a **comparative analysis** of shortlisted vendors and makes recommendations.
- **Preparing :**
 - Technical/work scope inputs to Contractors.
 - Inputs on design to design team at concept design stage.
- **Measuring items** installed at site & verified with client; tracking reason for delay in execution on client part; submitting & tracking Technical Data sheets of items.
- **Evaluating drawings** to **ensure drawings** are as per design brief and in compliance with necessary statutory requirements for electrical works.

Major Project :

At Emitech Technical Services LLC - Since Oct'14

- Project 1** : **PRIVATE CO-ED SCHOOL G+3 AL Quoz Industrial Area 2 –Dubai**
Client : Ambassador Global Investment Ltd.
Consultant : Crown Home Consultants.
Main Contractor : Offset Construction.
Project Value : AED 19 Million
Project Status : Successfully Commissioned & Handed over (DEWA, CDC & Dubai Municipality approval done)
Description : SITC of all MEP Services (HVAC, Plumbing & Drainage, Electrical, Fire Fighting, Fire Alarm System, Solar Heater, LPG System, Low Current System- MATV, AV System, Lighting Control System, BMS System Telephone & CCTV System) in accordance with DEWA (Dubai Electricity & Water Authority) for Electrical & Water Supply works, with Civil Defense Dubai for Fire Fighting, Fire Alarm, Emergency & LPG Works, with Dubai Police for CCTV works. Coordination with internal & external teams to ensure timely completion of projects in compliance with statutory compliances.
- Project 2** : **G + 1 TOWN HOUSE VILLAS IN AL FUJAN - DUBAI (171 buildings)**
Client : Danube properties.
Consultant : EDMAC Engineering. Consultants.
Main Contractor : United Engineering Construction (UNEC).
Project Value : AED 34.5 Million
Project Status : Successfully Commissioned & Handed over (DEWA, CDC & Dubai Municipality approval done)
Description : SITC of all MEP Services (HVAC, Plumbing & Drainage, Electrical, Fire Alarm System, Solar Heater, LPG System, Low Current System- MATV, Telephone & CCTV System) in accordance with DEWA (Dubai Electricity & Water Authority) for Electrical & Water Supply works, with Civil Defense Dubai for Fire Fighting, Fire Alarm, Emergency & LPG Works, with Dubai Police for CCTV works. Coordination with internal & external teams to ensure timely completion of projects in compliance with statutory compliances.
- Project 3** : **Labour Accommodation Building (G+4+R) at DIP2, UAE**
Client : Sapoorji Pallonji Middle East LLC.
Consultant : MAKS Consultants.
Main Contractor : Sapoorji Pallonji Middle East LLC.
Project Value : AED 22 Million
Project Status : Successfully Commissioned & Handed over (DEWA, CDC & Dubai Municipality approval done)
Description : SITC of all MEP Services (HVAC, Plumbing & Drainage, Electrical, Fire Fighting, Fire Alarm System, Solar Heater, LPG System, Low Current System- MATV, AV System, Lighting Control System, BMS System Telephone & CCTV System) in accordance with DEWA (Dubai Electricity & Water Authority) for Electrical & Water Supply works, with Civil Defence Dubai for Fire Fighting, Fire Alarm, Emergency & LPG Works, with Dubai Police for CCTV works, with EMICOOL for HVAC work. Coordination with internal & external teams to ensure timely completion of projects in compliance with statutory compliances.

Project 4 : **Proposed 3B+G+4+R Hyper Market, KARAMA, UAE**
 Client : Mr.Abdul Rahim Mohammed Belghuzooz Al Zarooni.
 Consultant : National Engineering Bureau (NEB).
 Main Contractor : Transemirates Contracting.
 Project Value : AED 12.5 Million
 Project Status : IN Process.
 Description : SITC of all MEP Services (HVAC, Plumbing & Drainage, Electrical, Fire Fighting, Fire Alarm System, Central Battery System, LPG System, Low Current System- MATV, PA System, Lighting Control System, BMS System Telephone & CCTV System) in accordance with DEWA (Dubai Electricity & Water Authority) for Electrical & Water Supply works, with Civil Defence Dubai for Fire Fighting, Fire Alarm, Emergency & LPG Works, with Dubai Police for CCTV works. Coordination with internal & external teams to ensure timely completion of projects in compliance with statutory compliances.

At Emirates Technical Associates(ETA), Dubai (Dec'12-Sep'14)

Project : **Cleveland Clinic of Abu Dhabi (7 Star Multi- Speciality Hospital),Abu Dhabi, UAE**
 Client : M/S. Mubaddala Health care, Abu Dhabi
 Engineering Consultant : AECOM
 Lead Consultant : ALDAR
 MEP Consultant : KEO International
 Main Contractor : Samsung C&T and SIX- Construct
 Project Management : JACOBS INTERNATIONAL Holding
 Project Value : AED 1.7 Billion
 Project Status : HANDED OVER.
 Description : SITC of all ELECTRICAL Services (Installation of Sub Station equipment such as Transformer, MV / LV Panels, MCC Panels, Cable laying, Cable tray installation, Central battery system installation, Bus duct installation, LCP installation, BMS installation. Earthing and lighting Systems, lighting and Small power system and allied Works.

BUS DUCT Installation: 9 Nos of Bus Duct Installation, Design coordination with factory people and Testing and commissioning.

Rating (2500A,2000A,1600A and 1250A Product from EAE TURKEY)

ELV: - Fire alarm system, DAS system, Time management System PMCS, Security Systems, Communication Systems.

At TREY Trading and Contracting , Qatar (Jul'09-Aug'12)

Project 1 : **Al Jassimya Office Tower,Doha QATAR.**
 Client : Sh. Jassim Bin Hammad Al Thani.
 Main Contractor : Commodore Qatar Contracting
 Project Value : QAR 9 Million
 Project Status : HANDED OVER

Description : SITC of all ELECTRICAL Services (Installation of Sub Station equipment such as LV Panels, MCC Panels, Cable laying, Cable tray installation, SMDB,DBs Bus duct installation, LCP installation, BMS. Earthing and lighting Systems, lighting and Small power system and allied Works.

BUS DUCT Installation: 6 Nos of Bus Duct Installation, Design coordination with factory people and Testing and commissioning.

Rating (2500A,1600A and Product from MEGADUCT, Malaysia)

Project 2 : **Silhouette Tower, Doha QATAR.**
Client : **Qatar Islamic Bank.**
Main Contractor : Commodore Qatar Contracting
Project Value : QAR 9 Million
Project Status : HANDED OVER

Description : SITC of all ELECTRICAL Services (Installation of Sub Station equipment such as LV Panels, MCC Panels, Cable laying, Cable tray installation, SMDB,DBs Bus duct installation, LCP installation, BMS. Earthing and lighting Systems, lighting and Small power system and allied Works.

BUS DUCT Installation: 6 Nos of Bus Duct Installation, Design coordination with factory people and Testing and commissioning.
Rating (2500A,1600A and Product from MEGADUCT, Malaysia)

Other Projects Handled

- THE LAND Tower -PEARL QATAR
- Labor /staff accommodation -NDIA – QATAR
- Qatar Central Bank–QATAR
- New Doha International Airport(Central Battery System)-QATAR
- MOI-Telecommunication Department –Qatar
- sobha-silicon-oasis –Bangalore

Commenced career in June '06 – April'09 with IDEAL ENGINEERING CONSTRUCTION, Bangalore
As an electrical engineer

NELSON PARAMASIVAM

Date of Birth: - 28-Oct - 1983

Current Address: - Dubai, UAE.

Mobile: - +971- 569887458

Email: - nelson.eee28@gmail.com

CAREER OVERVIEW

Being an Engineer looking forward to the multifaceted growth of the organization and self as a part of the system through hard work and application in the field of Electrical Engineering.

Position: ELECTRICAL ENGINEER

PROFILE: -

- 2+ years of experience in Electrical Engineer.
- Design Skill in AutoCAD & MEP Work.
- Electrical Design & Load Calculation.
- Proficiency in MS Office.
- Power generation systems and controls
- Production and Maintenance Works

SKILLS: -

- Excellent communication skills both written and verbal (English).
- Expert in MS word, excel, power point, and outlook.
- Efficient in job task planning and organizing.
- Expert in adobe photoshop.
- Knowledge of it related work. (Software, hardware & networking).
- Critical thinker and proficient in finding information.

WORK EXPERIENCE: -

✚ Working Company Name: RKD Electromechanical Works LLC. (Dubai- UAE).

From: - March-2021 to till continue.

Position: - ELECTRICAL ENGINEER.

- Preparing the load schedule from LV panel to final distribution board, voltage drop calculation & single line diagram as per TNEB regulation.
- Prepare the comparison sheet for the all electrical materials from the tender to job in hand & also year by year for project manager.
- Estimation the cost of material for the projects & and dealing with suppliers to bring good prices with standard material.
- And arrange the material as per site required and as per the situations.
- Make the inspection with consultant for all the electrical works.
- Checking all daily activities, updating documentation and arrange the manpower.
- Arrange the manpower as per site requirement

✚ Company Name: - IMPERIAL TRADING & CONTRACTING CO (DOHA-QATAR).

From: - FEB 2019- JAN 2020.

Position: - ELECTRICAL MAINTENACE ENGINEER

- Check (Supervision) & installation all electrical works (light, power, central battery, fire alarm, audio intercom, access control, structure cabling).
- ELV Works.
- CCTV and Wi-Fi installation and maintenance work.
- Low Voltage Electrical Installations (LV Panel, M.D.B, MCCB, MCB, DB etc.).
- PCC, MCC, APFC, Control panel and remote panel maintenance work
- Transformer (Single & Three Phase) Maintenance work.
- Generator and UPS maintenance work.
- On-load and off-load test.

✚ Company Name: - RADIANCE FACILITY MANAGEMENT SERVICES PVT LTD (CHENNAI-INDIA).

From: - JUNE 2017 – DEC 2018.

Position: - ELECTRICAL ENGINEER

- Preparing the load schedule from LV panel to final distribution board, voltage drop calculation & single line diagram as per TNEB regulation.
- Prepare the comparison sheet for all electrical materials from the tender to job in hand & also year by year for project manager.
- Estimation the cost of material for the projects & and dealing with suppliers to bring good prices with standard material.
- And arrange the material as per site required and as per the situations.
- Make the inspection with consultant for all the electrical works.
- Checking all daily activities, updating documentation and arrange the manpower.
- Arrange the manpower as per site requirement

EDUCATION: -

- B.E ELECTRICAL ENGINEER – VINAYAKA MISSION UNIVERSITY. AV INSTITUDE OF TECHNOLOGY, TAMILNADU-INDIA (JUNE2014 –MAY 2017).
- DIPLOMA IN ELECTRICAL CADD & REVIT MEP (NOV 2017-DEC 2018)
- DIPLOMA IN MS OFFICE & COMPUTER APPLICATION.

CAREER OVERVIEW

To continue Coordinating Manager career with a health care organization that will utilize management, administrative, and organization skills to benefit mutual growth and success to take care of individuals who need services. Management experience for Department of Disabilities and Special Needs (DDSN) has helped me become: Extremely organized Efficient Motivated to meet deadlines Confidential Independent Manage staff with very different needs and different ages multi-task in a fast-paced environment Professional respect Team Player.

Position: COORDINATING MANAGER

SKILLS: -

- Excellent communication skills both written and verbal (English).
- Expert in MS word, excel, power point, and outlook.
- Efficient in job task planning and organizing.
- Expert in adobe photoshop.
- Knowledge of it related work. (Software, hardware & networking).
- Critical thinker and proficient in finding information.

WORK EXPERIENCE: -

✚ Company Name: - Raj Kumar Dinda Technical Works LLC. / UAE-Dubai.

From: - April 2018 to till continue.

Position: - Coordinating Manager.

- Assisted with the overall operations of PCBDSN and assisting the team of house managers with quality assurance.
- Supervised eight managers, on-call 24/7 and oversaw eighty-five residential consumers.
- Entailed twenty tabs assessments, care plans, psychotropic medication plans, human rights plans, nursing, medication administration, level of care goals, support plans in compliance with Alliant, DHEC, OSHA, and state Fire Marshal.
- Complied and know the Department of Disabilities policies and procedures for the entire residential department and to enforce those policies.
- Responsible for 100+ staff and their accounts with our agency as Med.
- Assisted the individual with educational and occupational goals.
- Responsible for the initial Housing Trust Fund Application and Community Facilities Grant, which estimates a total budget of 4.5 million dollars.

EDUCATION: -

- Faculty of Arts – Social Departments : Banha University Egypt, 2005.

DECLARATION: -

✚ I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.

MUQSIT SUFIYAN

Mechanical Engineer

PROFILE

Currently working in the mechanical engineering field; ready to apply relevant skills and knowledge in the right position. Enthusiastic and highly motivated professional with an avid interest in MEP, and HVAC Systems

EDUCATION

Bachelor of Mechanical Engineering
Osmania University (2013-2017)

Masters in Mechanical Engineering
Rochester Institute of Technology, Dubai.
(2018-2019)
Focus Area : Sustainability

SOFTWARE SKILLS

	AUTODESK AUTOCAD
	PTC Creo
	SAP
	Aconex
	Autodesk Inventor
	SolidWorks
	MS OFFICE
	ANSYS 19.0
	Autodesk Revit

Work Experience

RKD Electromechanical Works LLC.
Project Engineer(June 2020 - Present)

- Assisted with the Procurement, negotiation & delivery of all types of material to the work area. Including cost control & quality control of a complete project.
- Maintained proper documentation & approvals of the work completed. Maintained a registry and got approvals for Work inspection requests, Material approvals, Operation & Maintenance manual, Shop drawing approvals, As-built drawing approvals etc.
- Implemented the proper installation of mechanical equipment like booster pumps, filters etc. including installation of pipes & pipe fittings as per the shop drawings.
- Created method statements for mechanical, electrical & civil works, and made sure the method statements were implemented on the site.
- Assisted with the installation of equipment like Water Cooled Chillers, CHW pumps, Condenser water pumps, FAHUS, Mechanical works Including Central Air-conditioning and ventilation system including ducting and cladding, Plumbing (Drainage & Water) system, Fire Fighting System, Irrigation system, Electrical Low voltage and Low current system.
- Assisted with the installation and testing & commissioning of the FM200 System.
- Assisted with the installation & wiring of electrical equipment's including the fire alarm system, field instruments, motorized valves, light fittings, switches & sockets etc.
- Assisted with the installation and wiring of more complex equipment like the MCC, PLC & DB.
- Co-ordinated the testing & commissioning of the automation process of an irrigation pumping station. Solved issues with the wiring and made proper implementation of the technical requirements of the automated system.
- Co-ordinated with different engineering departments to ensure smooth propagation of work.
- Maintained work permits, and co-ordinated with different authorities to get the proper documentation required for completion of work.

Work Experience

- Helped with the administration and allocation of manpower distribution of multiple sites without impeding site work or wastage of manpower.
- Assisted the Health & Safety department with the proper implementation of safety procedures, risk assessments, maintenance of tools & equipment's checklist.

Emerson Climate Technologies.

Operations & Manufacturing Intern(June 2019- June 2020)

- Worked closely with the quality team and external consultants to create a QMS and complete the accreditation for ISO 17025. In addition, obtained government approvals for launching the newly built psychrometric laboratory.
- Conducted mathematical analysis of the ISO certified psychrometric lab parameters by recreating the software in excel and creating singular models of each parameter to confirm the calculations manually.
- Managed data on the inventory status for complex variations of quantities of components on Microsoft Excel to always have the right amount of inventory available.
- Analyzed the data collected from time study videos of the manufacturing processes of each individual product made and implemented changes to improve the efficiency of the processes.
- Ensured all the parts in the Bill of materials(BOM) were updated in oracle to track and plan material requirements, estimate material costs, maintain accurate records and gain inventory control.
- Assisted the logistics department in the shipment process of outbound products and with inbound shipment of raw materials and tools for the manufacturing plant.
- Ensured all equipment in the plant was maintained as per AMC and replaced all tools which did not meet the quality standard.
- Assisted Engineering with new prototypes as well as updates to existing products. Implemented a smooth transition by coordinating with procurement, logistics, manufacturing and finance departments.
- Assisted the logistics department in the shipment process of outbound products and with inbound shipment of raw materials and tools for the manufacturing plant.
- Assisted with the overhaul of the health & safety measures, conducted risk assessments for the manufacturing processes on the assembly line.

Jk Comforts Air Conditioning, India

Mechanical Engineering Intern (June 2017-December 2017).

- Designed HVAC systems and used AutoCAD for drawing.
- Monitored sites under the supervision of a senior engineer.
- Contacted the suppliers for the procurement of manpower, equipment, and tools.
- Negotiated with suppliers and construction professionals about the feasibility of potential projects.
- Assisted on site with Diary keeping, contact with suppliers, measurements and market research.
- Worked closely with the Design, Structural and MEP Team.

PROFESSIONAL SUMMARY

4 years of experience of Mechanical Engineering domain with extensive experience and expertise as Site Execution Engineer for various construction projects.

Position: PROJECT MECHANICAL

ENGINEER SKILLS: -

- Excellent communication skills both written and verbal (English).
- Knowledge in MS word, excel, PowerPoint and outlook.
- Efficient in job task planning and organizing.
- Critical thinker and proficient in finding information.
- Willingness to learn
- Self-motivated
- Target orientated
- Easily adaptable

PROFESSIONAL EXPERIENCE: -

1) **Company Name: - RKD Electromechanical Works LLC. / Dubai UAE.**

From: - December 2019 to till Continue

Position: - PROJECT MECHANICAL ENGINEER

Project 1 : **IRRIGATION PUMPING STATION PUBLIC LANDSCAPING (ZAHIA CITY CENTER) -FOR SHARJA MUNICIPALITY**
Client : MAJID AL FUTTAIM
Scope : Both Civil & MEP

Project 2 : **AL ZAHIA CITY CENTER MOILAH**
Contractor : Consolidate Contractors International Company SAL & A&P Group of companies
Scope : HVAC WORKS (DUCTING, ALUMINIUM CLADDING), ELECTRICAL WORKS

Project 3 : **THREE TON VEGETABLE FARM**
Contractor : AMANA STEEL BUILDING CONTRACTING L.L.C)
Scope : HVAC WORKS (Ducting, copper piping)

Project 4 : **MBR- DUBAI HILLS ESTATE DEVELOPMENT - CHILLED WATER NETWORK PHASE-1**
Contractor : AMANA PIPE LINE CONSTRUCTION
Scope : HVAC WORKS (ALUMINIUM CLADDING)

Project 5 : **SHARJAH SUSTAINABLE CITY PROJECTVILLAS**
Contractor : ROYAL RITZ L.L.C
Scope : HVAC WORKS (DUCTING, COPPER PIPING)

Project 6 : **378 VILLAS CHERRY WOOD**
Contractor : Ali Mousa & Sons Contracting
Scope : HVAC WORKS (Ducting, copper piping, Installation of MEP Provisions on Pre-cast Panels)

Project 7 : **AL WASL TOWER (3B+G+63+RF/G +11 PARKING)**
Contractor : Emirates Falcon Electromechanical Company (EFECO) L.L.C
Scope : HVAC WORKS (CHILLED WATER PIPING)

Project 8 : **AL KHAIL AVENUE MALL**
Contractor : Dhabi contracting L.L.C
Scope : HVAC WORKS (DUCTING, ALUMINIUM CLADDING)

Project 9 : **204 VILLAS IN SWEHAN AL AIN ABU DHABI**
Contractor : Al Bonian International Electromechanical Works & Maintenance L.L.C
Scope : HVAC WORKS (DUCTING, COPPER PIPING)

Project 10 : **B+G+13+R (Resort Hotel on Plot ID PJTRHO2&PJTRHO3 At Pam Jumeriah(ARENCO))**
Contractor : China State Cons Engi Corp (Middle East) L.L.C
Scope : HVAC WORKS (, ALUMINIUM CLADDING)

Project 11 : **BURJ AL NAHAR**
Contractor : GECO ELECTRICAL AND MECHANICAL
Scope : HVAC WORKS (ALUMINIUM CLADDING)

- Knowledge of installation and commissioning of mechanical equipment like booster pumps, filters etc.
Including the installation of pipes & pipe fittings as per the shop drawings.
- Knowledge of installation and wiring of electrical equipment's, including the fire alarm system, motorized valves, field instruments, light fittings, switches & sockets etc.
- Co-ordinated for the installation of complex equipment like MCC, PLC, DB.
- Co-ordinated with the testing and commissioning of the automation process of an irrigation pumping station.
- Knowledge of installation and testing & commissioning of the FM200 System.
- Supervise ability in HVAC system.
- Ability to understand design codes and its specification.
- Preparation of HVAC site quantification & BOQ with estimation.
- Knowledge of the pipe installation, duct installation & plant room installation of HVAC equipment's.
- Knowledge of AHU, FAHU, FCU, Chiller equipment installation and commissioning.
- Knowledge of the Chilled and Condenser water pumps installation and commissioning.

- Familiarity with calculation layout & sizing of HVAC projects.
- Ability to handle labors & site materials.
- Ability to handle site safety works & records.
- Ability to handle 3c documents and site record management.
- Preparation and submission of As-built drawing for both mechanical and electrical works after project completion.

2) Company Name: - KPA Engineering Pvt. Ltd. / DAHEJ, GUJARAT.

Project I : **FIL-BCP-PROJECT**
 Client : FILATEX INDIA LTD., DAHEJ, GUJARAT
 Duration : September 2017 - October 2018
 Position : Site Engineer.

Project II : **GSFC MAINTANCE WORK**
 Client : Gujarat State Fertilizers and Chemicals
 Duration : October 2018 - November 2019
 Position : Site Engineer.

- Fabrication of Piping, Structure, Pressure vessels and other Equipment's, documentation of History Sheet, Test Pack Clearing etc.
- Thorough knowledge in Welding Standards of ASME Section IX and API 1104. Familiar with Welding Procedure Qualification, Welder Qualification, part numbers, Selection of Electrodes, Weld Visual Inspection etc.
- Good knowledge in Radiographic Interpretation of weld joints, Ultrasonic Inspection, Magnetic Particle Inspection and Penetrant Test, Reporting and Documentation.
- Confident to handle the construction and quality control activities as specified in the Drawings and applicable standards and specifications.
- Managing parts of construction projects.
- Overseeing building work.
- Checking technical designs and drawings to ensure that they are followed correctly.
- Supervising contracted staff.

EDUCATION: -

- BE (Mechanical Engineering) : Annai Mahammad Sheela Engineering College, Annai University, Chennai- (2013 - 2017).

PROFESSIONAL SUMMARY

Motivated Document Controller with over 2 years of organizational expertise. Exceptional at providing services in the area of operations documentation management, including implementation of automated documents for systems generation with an eye to future updates and modifications...

Position: DOCUMENT CONTROLLER

SKILLS: -

- Excellent communication skills both written and verbal (English).
- Expert in MS word, Excel, Power Point, and outlook.
- Efficient in job task planning and organizing.
- Expert in Adobe Photoshop.
- Knowledge of IT related work. (Software, Hardware & Networking).
- Critical thinker and proficient in finding information.

WORK EXPERIENCE: -

1) Company Name: - RKD Electromechanical Works LLC. / UAE-Dubai.

From: - April 2021 Present

Position: - Document Controller.

- Create filing and archiving system for documents.
- Check metadata according to clients' requirements.
- Register documentation in ProArc.
- Send workflow internally and follow-up.
- Speak with suppliers.

2) Company Name: - Fawkims Engineering Pvt. Ltd. / India

From: - September 2018 - October 2020

Position: - Document Controller.

- Reported on document control processes.
- Administered document lifecycle (author, approve, publish, revise, retire, archive).
- Prepared electronic document templates.
- Checked incoming documents for readiness prior to processing
- Used web-based document sharing tools.
- Created and maintained all client-facing knowledge base articles.
- Created all internal and external system release notes.
- Created how-to documentation for all system features

HVAC

Scope of Duct Work

- Fabrication of GI Duct
- Installation & Insulation
- Fixing of Duct
- Air Outlets
- Machine Connection
- VCD, FD
- Sound Attenuators
- Fans
- Spitter Damper with all acc.
- Access Door Fixing

Scope of machine Unit Works:

- Installing of Indoor machine
- Installing of outdoor machine
- DX Machines works (FCU's)
- DX Machines works (CU's)
- Copper piping
- Testing commissioning

Scope of Chilled Water Pipe Works:

- Chilled water pipe installation supports.
- MI threaded fittings
- Butt weld fitting with insulation including canvas cloth vapour barrier, including all fittings, accessories & Valves
- Testing Commissioning
- Aluminium Cladding works

Quality Policy

Our Quality policy has been defined with the aim of enhancing our services to our customers in terms of better understanding of customer requirements, designing optimal solution to meet those requirements and building systems and process to ensure quality at all stages.

- Developing and improving the Quality Management System periodically.
- Monitoring process towards building quality in to our systems and services.
- Systematically evaluate and monitor the performance of our sub- contractors to assure the quality.
- Provide timely delivery of services to our customers.
- Continuously improve the effectiveness of the QMS.
- Identify the root cause of non-conformities and subsequent elimination of the same.
- Provide periodical training to all staffs to understand the importance of Quality Management System
- Enhancing customer satisfaction.

Quality policy

The quality plan is developed and approved during the project planning phase to confirm major deliverables/milestone acceptance criteria and manage approved project processes.

- **Quality Assurance**

Quality assurance activities focus on the processes being used to manage and deliver the solution to evaluate overall project performance on a regular basis.

- **Quality Control**

Quality control activities are performed continually to verify that project management and project deliverables are of high quality and meet quality standards. Quality assurance also helps uncover causes of unsatisfactory results and establish lessons learned to avoid similar issues in this project.

- **Provide Deliverables and Processes Acceptance Criteria**

Project team members and key stakeholders agree upon project planning stage in formal project processes and major deliverable acceptance criteria that will be used to evaluate final deliverable results before the results are formally approved.

- **Project Overview**

Describes the background and context for the project to provide its justification. Identifies the business value of the proposed deliverables.

- **Quality Standards**

Description of how the project will satisfy the quality standards.

- **Quality Tools**

List of all quality-related tools that the project will employ, how the tools will be used, and who will be responsible for managing and reporting from these tools.

- **Quality Manager's Responsibilities**

Outline of the quality manager's responsibilities in that role. Description of how the quality manager will interact with the project manager and other team members in accomplishing these responsibilities.

Project Quality Assurance

Quality assurance helps to establish if a deliverable is acceptable based on the processes used to create it. Quality assurance processes will evaluate overall project performance frequently and to determine that quality reviews were held, deliverables tested and customer acceptance acquired.

Quality Assurance Procedures

Project Monitoring Processes

List of all monitoring and control processes planned for the project and how they will satisfy project quality standards and ensure project quality. Details of how the quality manager will obtain project-related information and how that information will be used to control the process.

Project In-Process Quality Monitoring

Description of the quality metrics and measurements to be used as a part of each work process in the project. Identification of in-process measurement points.

Project Quality Control

Project Deliverables

Description of all key measurable deliverables of the project that will be tested for satisfactory quality level.

Project Quality Control Procedures

List of the major quality control activities and processes that this project will include.

Project Deliverables Test & Acceptance Process

The planned test and acceptance processes that will be used to validate project deliverable quality, and how these processes will verify deliverable quality.

Project Deliverables Acceptance Criteria

The deliverable quality acceptance criteria based on quality standards for project deliverables as the criteria will be used in acceptance testing. Establishment of how the criteria will be used to assess project quality.

Project Quality Assurance

Project Audits & Quality Reviews

List of project quality audits and reviews that will be performed. Discussion of planned schedule. Description of how the results of these audits and reviews will be factored into project planning and implementation. Discussion of the process of lessons-learned reviews and how those lessons can benefit the project team as the project continues.

Management Escalation Plan

Definition of the plan for escalating unresolved quality noncompliance issues up the management chain.

Quality Team Roles & Responsibilities

Identification of quality-related responsibilities of the project team and list specific task related quality responsibilities, including responsibility for specific acceptance tests and project audits.

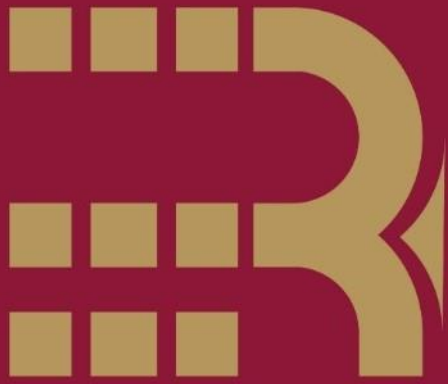

Quality Plan Audit Log

List of all quality-related issues and resolutions resulting from quality plan audits and reviews.

Quality Plan Approvals

Our duty is only then completed when the Quality of our performed work is evaluated as excellent by our project managers and approved by the project sponsor, executive sponsor and client sponsor.
